Placed on the register of Historic Landmarks, Cave Spring was a stopover on the Santa Fe Trail heading west in the mid-1800's. Visit the nature center, or walk the trail and observe the cave for yourself. Catch a glimpse of a blue heron or a family of ducks on the pond and see why this is called a Kansas City oasis.

NATURE CENTER HOURS:

Closed Sunday, Monday and Holidays.

AREA HOURS: 9am to sunset.
Admission is Free.
